Dear friends,

How are you? I hope you are fine by the grace of God. Here the climate is very hot and sometimes cold too.

I am pursuing my 4<sup>th</sup> year of Engineering in Computer Science and Engineering from St. Joseph Engineering College, Mangalore. My studies are going well. I just completed my 7<sup>th</sup> semester examination and eagerly waiting for the results. Along with the academics, I also did well in extra-curricular activities. I took part in singing competition where my group secured 1<sup>st</sup> place.

My parents are keeping well and my sisters are fine too. I am super excited to inform you all that my sister got married on Jan 29<sup>th</sup>. The wedding festivities included engagement, Rose ceremony followed by reception. It was a memorable affair filled with laughter, love and cherished moments.

On behalf of you, Fr Gabriel has provided us with books, umbrella and many more gifts. I thank him for the support that he is providing us. I wanted to extend warm greetings of Easter to you and your loved ones. May this

joyous occasion fill your heart with hope, love  
and renewed faith. Wishing you a blessed and  
egg-iting Easter filled with joy, peace and  
colorful celebrations.

Your loving,  
Serena Peter Rego.
